

Community Assembly Statement

We, the Aboriginal Community Assembly, acknowledge the traditional countries, lands and waters across our state. We acknowledge our Ancestors, Elders, and Communities who are at the forefront of our minds, and will be across the days over which we will meet.

We reflect upon the history of our shared survival, our spirit of resilience. We acknowledge our diversity and difference as a platform of strength. We are united as a group, and we are committed to being inclusive in our approach to deliberation and making recommendations.

This is another step towards the development of a Representative Body, which will represent our mob and create a Treaty Negotiating Framework. We, as the Community Assembly are not negotiating a Treaty or Treaties on behalf of Aboriginal people in Victoria.

Our role is to make recommendations to the Working Group on the following five questions.

Your voice is critical in this process and will be heard. Please consider these questions, and contribute your opinions via the Community Assembly portal. Your voice is essential.

Community Assembly

Our statement

We, the Aboriginal Community Assembly, acknowledge the traditional lands and waters of the Sovereign Aboriginal people of Victoria. We recognise our Sovereignty over those lands and waters has never been ceded. We acknowledge our Ancestors, Elders, and Communities who have been at the forefront of our thoughts throughout this entire process. We reflect upon the history of our shared survival and our spirit of resilience.

Through the memories of all our ancestors, those long gone and those departed recently, our Sovereignty, knowledge, experience and purpose has enabled us to create a community of multiple opinions despite the apprehension we initially felt. Our diversity and difference is a platform of strength. Solidarity emerged through our collective strength. We believe this will serve as a base for the entire Treaty process and carry through to the Representative Body.

Our task was to consider and make recommendations on the following questions:

We were guided by the input from our Community via the results of the Community Consultations and the online surveys. We developed our recommendations through deliberation, yarning and robust debate informed by our collective knowledge and experience, and strengthened by drawing the stories of our families and communities into our work.

The recommendations will be delivered at the conclusion of the Community Assembly. When we deliver them to the Aboriginal Treaty Working Group and the Victorian Government, they will be considered and acted upon.

We acknowledge the response of the Victorian Government to the Aboriginal Community's call for Treaty. It has been our privilege and honour to move this important journey forward for our people. The Sovereign Aboriginal people of Victoria are leading the way not only in Victoria but across the entire nation. We are creating something of our own. Something strong and independent from Government. The Community Assembly was made up of the following Community members:
